Motorcycle Clubs Gear Up for Thanksgiving at the Mission

FREDERICK, MARYLAND, Saturday, November 17, 2018 — Motorcycle clubs from up and down the Eastern shore will descend upon the Mission on Saturday morning to make and serve soup for those in need. Before they leave they are intent on ensuring that neighbors in need will have a Thanksgiving feast to take home to their families.

This annual event is free to the public and provided by the kindness and generosity of these Motorcycle clubs. Approximately 14 clubs from all over Maryland and the Eastern shore will participate. Each club usually provides a much needed item for Thanksgiving dinner. The clubs combine their gifts into baskets that are then given to families who have signed up at the Mission in advance, indicating they need help providing dinner for their family on Thanksgiving. The event will take place on the Mission's front lawn located at 419 W. South Street. ###
